Erica Gwen Foundation

On January 20th, 2017, Erica Gwen lost her life due to injuries sustained after a night out with college friends. Her injuries were substantial and just one phone call or one person helping could have changed everything.

The foundation her parents started strives to ensure all young people have the opportunity to live their lives to the fullest the way Erica did. They want to prevent similar tragedies by inspiring students, schools, administrators, business owners and everyday people to do the right thing when they see someone in need.

The Erica Gwen Foundation provides resources that help spread awareness and educate people on how to establish safety protocols, look out for each other, and also help manage stress, mental health, and balancing student life. They also have begun to award scholarships in Erica's name to students who display leadership, courage, inspiration and compassion for others.
